1. During the week of 9 May 1960, the DDTR visited the U. S. Army Command and General Staff College at Fort Leavenworth, Kansas, in order to ascertain that institution's interests and requirements for CIA presentations in its regular courses.

2. C&GSC officials indicated that they would probably want CIA coverage as follows:

a. Purpose:

(1) To explain the place of the CIA in the national intelligence family.

(2) To explain the organization of CIA.

(3) To explain CIA support of the services in the establishment and conduct of unconventional warfare.

b. General:

(1) Statement of the mission of CIA in support of UW.

(2) Organization to support UW requirements.

(3) Relationship with JCS and the services in peace and war. (Where does CIA fit into the UW picture?)

(4) How and in what manner does CIA receive its requirements for support of UW from the services.

(5) How does CIA implement these requests in the field.

(6) Problems involved.

(7) What can the services expect in wartime --
Limited and general war; situations short of war, i.e., Lebanon,
etc.

3. C&GSC has asked that CIA provide a detailed outline of its proposed presentation, length of time required, number of speakers, training aids to be used, etc. Upon receipt of this information C&GSC will inform CIA/CTR as to the courses which are to include the CIA presentation, the times and dates, and pertinent instructions.

4. The addressees are requested to collaborate in drawing up the "lesson plan" for the proposed CIA presentation(s). It is assumed that the DD/P will assist in providing coverage of the UW operational aspects, but pursuant to DTR's instructions at his staff meeting on 13 May 1960, the Operations School is to be prepared to "backstop" DD/P in providing orientation and briefing coverage on Clandestine Services functions and responsibilities, including UW and "war plans".
